Subject: RE: ID3A Seed grant funds follow up

Hi Rebecca,

I believe we sent the last couple of documents over for approval yesterday on these funds. We will likely be close to meeting the May 31 deadline of hitting a zero balance. If not May 31, we will hit a zero balance in the first week of June.

Katy

Rebecca,

We have a couple more things to process, I'm working with Keegan and Katy on it (cc'd).

Subject: ID3A Seed grant funds follow up

Hi David and Gwen,

I hope you have caught up on rest after your busy end of the semester!

I'm working with Kim on our seed grant funds and trying to get those spent down as quickly as possible. You have been spending the grant funding quickly, fantastic! Based on FIS accounts today, you have $3,582.14 remaining.

Can you give an update on anything you have remaining, so we know what to expect for those funds? Do you think you'll be on track for end of the month? May 31 was the original goal but there is a bit of flexibility if needed. For accounting and year end, they said final payment documents are due June 15 at the latest but recommend June 10 as a buffer.

If there is anything we can help with, please let us know!

Thanks!
Becca
